10318A08LN	18"	1"	Handheld, chop, hot, and table saws	<b>\$799.99</b>	3,300	11.5
10320A25LN	20"	1"	Table, chop, and foundry saws	<b>\$1039.99</b>	3,000	16
10324A08LN	24"	1"	Table, chop, and foundry saws	<b>\$1199.99</b>	2,500	20
10330A08LN	30"	1"	Table, chop, and foundry saws	<b>\$2239.99</b>	2,000	26

**Cuts and Bevels:** Iron; steel; non-ferrous materials like bronze, copper, chrome, zinc, and lead; high nickel-content materials; Hastelloy "superalloys"; schedule 40 and 80 pipe; PVC; HDPE; RCP; clay and ceramic pipe; green and reinforced concrete; asphalt; brick; block; stone; granite; pavers; ceramic tile; wood; plywood; 2x4s; and more #1 choice of water departments and underground utilities in U. S. and Canada

**Longer Lasting:** Outlasts 150 abrasive blades

**Safer:** Made of solid steel (up to 14") to eliminate shattering and segment loss.

Will not emit cancer-causing dust like abrasives during cutting or beveling.

**Prevents Warping and Wobbling:** With Air Flow Technology

**Reduces Sparks:** Emits 90% fewer sparks than abrasives

**Reduces Binding:** With electroplated swirl design

**Segment Height:** 0.315" (8mm)

**Diamond Content:** 85% vacuum-brazed diamond

**Segment Weld:** Solid steel (up to 14") or laser-welded (16" and above)

**Wet/Dry Cutting:** Can be used for both wet and dry cutting

**Life Time Operator Error Warranty:** Comes with the most comprehensive warranty in the industry. Warrantied for life against accidental damages
